

Earth on the Move

This activity is one of many which was first developed by Jan Garen when teaching in Hackney in the 1980s. She now runs the Wales Ape and Monkey Sanctuary in the Swansea Valley and Brecon Beacons National Park. Jan has now updated the activity. Although there are now many more activities on line this activity still works very well.

If you can't talk ideas through with others, you won't be able to write about them confidently!

Oracy in practice!
Oracy in context!

Here are a set of maps showing the position of the continents at different periods and two card sets containing descriptions for each map which can be matched and sequenced.

COLLABORATIVE LEARNING PROJECT

Project Director: Stuart Scott

We support a network of teaching professionals to develop and disseminate accessible talk-for-learning activities in all subject areas and for all ages.
