There is no convincing evidence that the study of traditional nor modern descriptive grammars improve children's speaking and listening (and we don't think it has much impact on reading and writing either!) but there is evidence that language games are both popular with children and very effective at developing language awareness and promoting good discussion. Since this story has been around a long time and often used as a class reader at the beginning of KS2, here are a couple of language games which we hope you will try out and then come up with better versions to share with us.

Hedgehogs are in short supply in our neck of the woods, although there are still fifty or so foraging around Regents Park. Apparently they have learned not to try to leave. Have they become collaborative and started talking to each other??

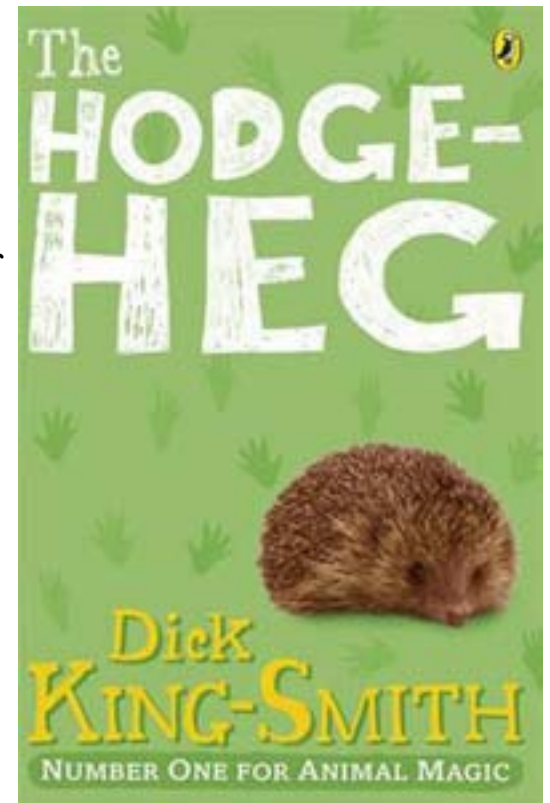

Dick King Smith's hedgehogs are very different from real hedgehogs in that they are sociable animals. Hedgehogs are normally solitary.

Collaborative Learning:

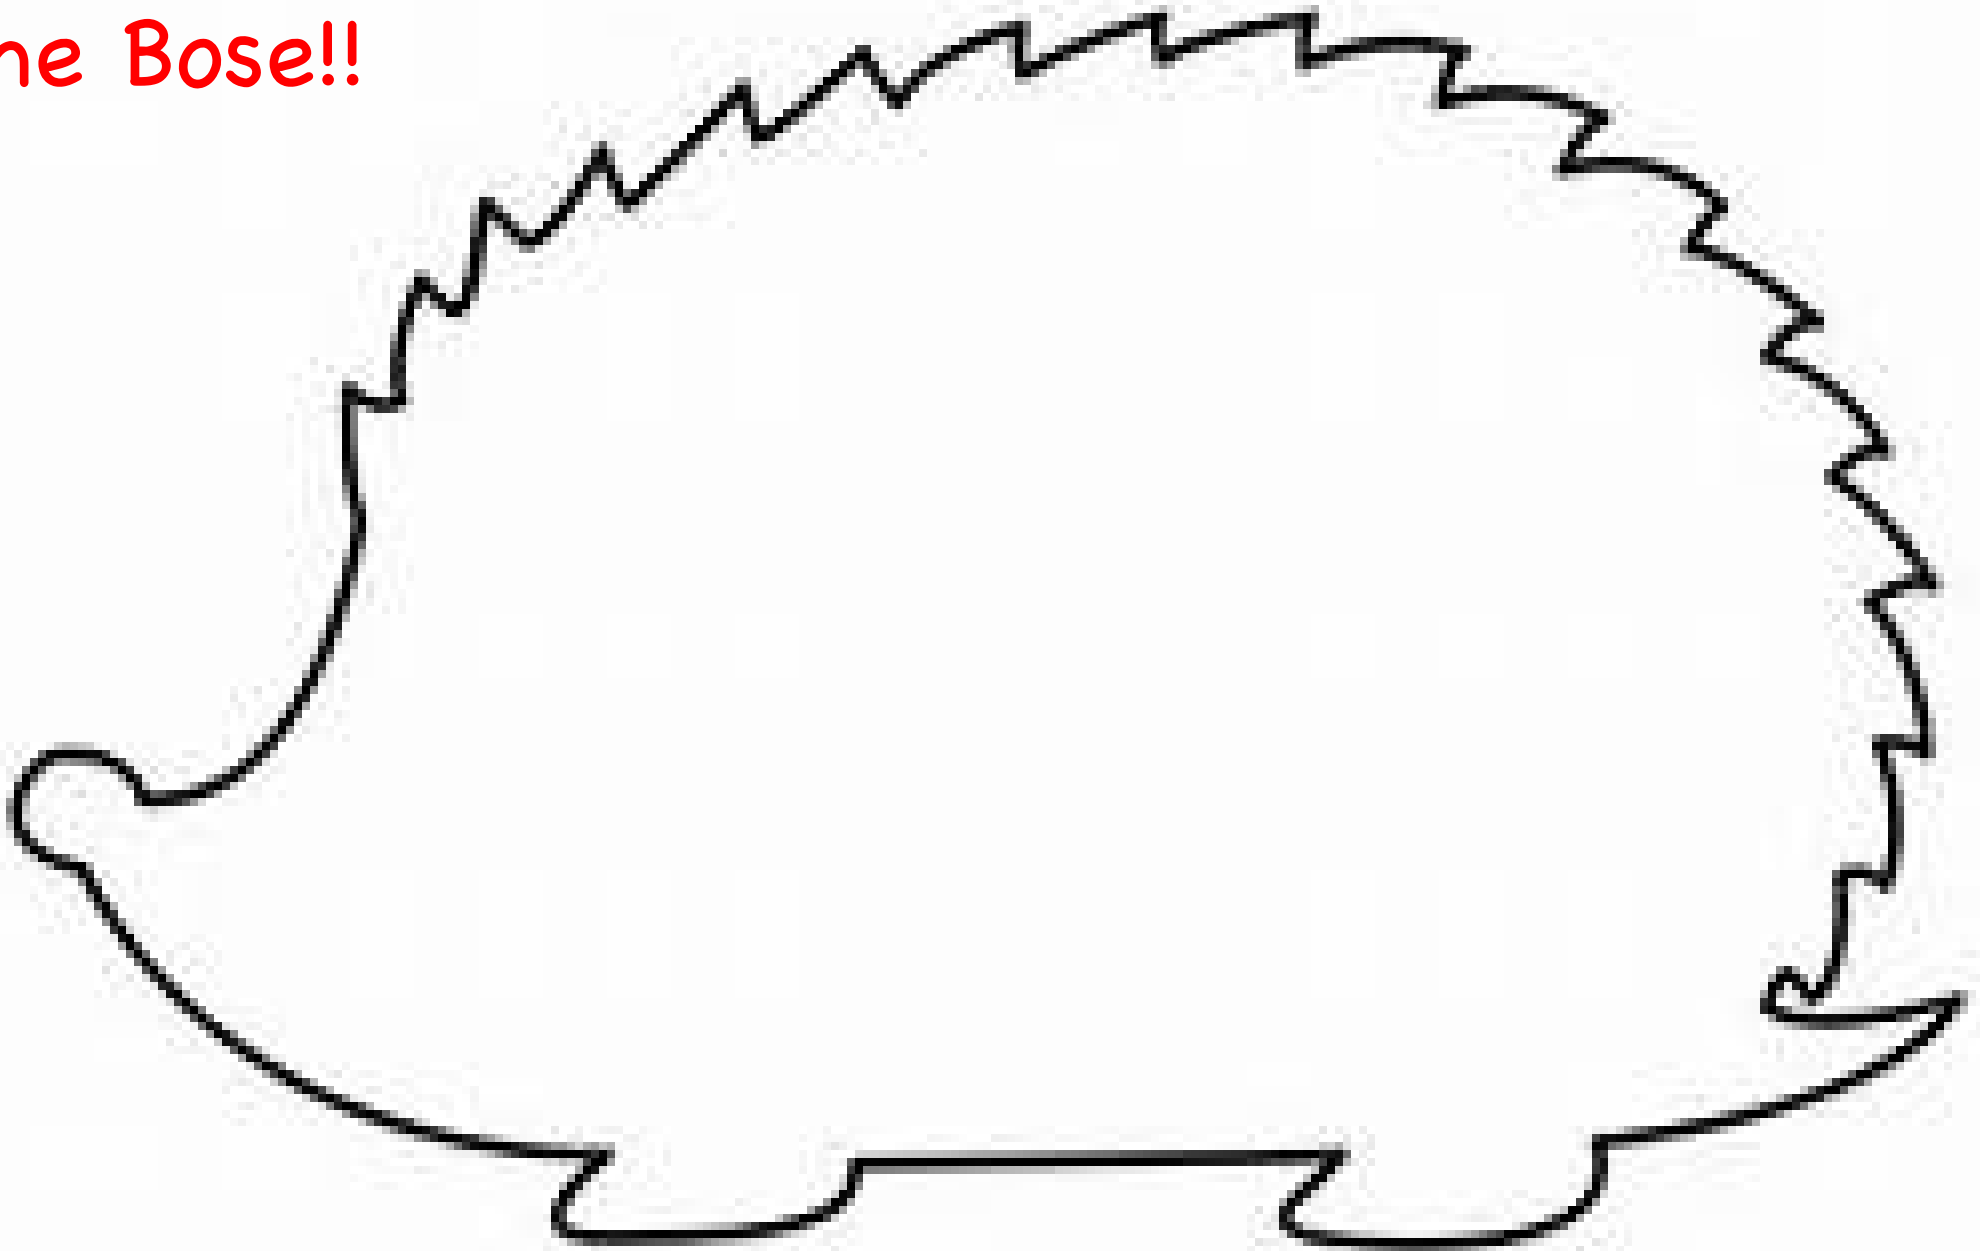

**makes challenging  
curriculum accessible.  
improves social relations  
in the classroom.  
provides scaffolding for  
exploratory talk.**

How to Play Nump on the Bosc: a game for two or three or two pairs of players.

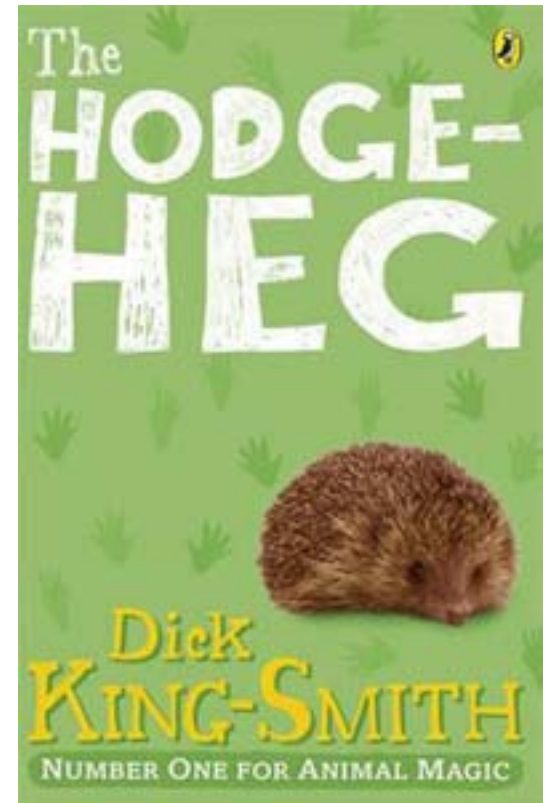

Each player has a figure outline with parts of the body labels and a hedgehog outline.

Place the injury cards upside down spread out or shuffled and placed in a pile.

Take turns to throw the die.

If you throw an even number you can pick a card. Translate your card and place it on the correct part of the body outline.

If you throw an odd number you can draw one thing on your hedgehog outline.

How to Play Pedgehog Hairs: a game for two or three or two pairs of players.

Spread out the pairs cards upside down. Take turns to pick up two cards. If they are a pair you can keep them. If they are not pairs you must put them back from exactly where you picked them up.

Nump on the Bose Injury Cards

Max headed his  
bump.

Pansy had a latch  
on the screg

The crossing patrol  
had a fut on her  
cinger.

Uncle B got a  
nimple on his pose.
