A kit for playing a variety of games around the book "Not Again Red Riding Hood "by Kate Clynes and Louise Daykin (Mantra Lingua)

Two sets of nine character cards with and without text. These can be used for pairing, matching or sequencing for telling the story.

A set of four lotto boards and cards with 15 characters for playing lotto. Can also be used for pairs games.

A set of 10 cookie cards (you need to print two sets) for matching pairing or sequencing.

A sample track for a collecting game. Every player has a basket with ten cookies and they need to visit all the animals in the story to give away their cookies. You can make a much better version. Take a look at our guide on making tracks for track games. <www.collaborativelearning.org/tracks.pdf>
