

Tuesday 12th October

LO: To learn about the origins of agriculture.

The fertile crescent is in the Middle East in the North of Africa. ✓

The first civilization was called Mesopotamia, now Iraq. ✓

At around 4,000 BC the first people settled in. ✓

Finally, the fertile crescent joins the Red Sea and Persian Gulf. It is named the fertile crescent because it is crescent-shaped and on it grows lush, fertile plants. ✓
