

# ☆ Quicklook at There! Their! Bingo and Connect Four

These activities uses the possessions and whereabouts of aliens to make a potentially boring activity fun or at least likely to make pupils think that their teachers are a bit zany and therefore worth listening to sometimes.

Using the big alien information cards (reproduced below) as a reference pupils place the little alien information cards (sample cards reproduced below too) on correct spaces on either bingo cards or a connect four board (not reproduced here but in the full activity)
