## Basic principles behind our talk for learning activities:

Build on prior knowledge.

Move from concrete to abstract.

Ensure everyone works with  
everyone else.

Extend social language into  
curriculum language.

Provide motivating ways to go over  
the same knowledge more than  
once.

Collaborative Learning = Oracy in Curriculum Context  
makes challenging curriculum accessible.  
improves social relations in the classroom.  
provides scaffolding for exploratory talk.

If you can't talk it through with others, you won't  
be able to write about it confidently!
