

Rapid Addition Chatterboxes

Brains only
to be used

remember those number
bonds the chatty way!

Rapid Addition Chatterboxes

Our Chatterbox Tables went down well so now we are adapting to number bonds and beyond. For the blank ones for filling in you might want to experiment with printing them on A3. They snap quite well and there is more space for writing.

**Basic principles behind our talk for
learning activities:
Oracy in curriculum contexts!**

Build on children's own prior knowledge.

Move from concrete to abstract.

Ensure everyone works with
everyone else.

Extend social language towards
curriculum language.

Provide motivating ways to go over the
same knowledge more than once.

It's empowering to talk an idea through
before you write about it!

Good for all pupils!

Vital for EAL pupils!

How to Play Rapid Addition Chatterbox.

Construct your Chatterbox and find a partner to work with. Snap your Chatterbox until your partner says stop. Your partner must choose a letter from the four available. Open the flap and ask the addition question. If they get the answer right it is their turn to snap the Chatterbox. If they get the answer wrong you have another turn.

Now each make your own Chatterbox and write in your own questions.

RAPID ADDITION CHATTERBOX A $37 + 17$	RAPID ADDITION CHATTERBOX B $45 + 43$	RAPID ADDITION CHATTERBOX C $96 + 11$	RAPID ADDITION CHATTERBOX D $39 + 7$
RAPID ADDITION CHATTERBOX E $22 + 66$	RAPID ADDITION CHATTERBOX F $13 + 36$	RAPID ADDITION CHATTERBOX G $83 + 21$	RAPID ADDITION CHATTERBOX H $13 + 54$

This is a blank Chatterbox for you to write in your own addition questions.

The image shows a large rectangular frame containing a grid of letters. The letters are arranged in a roughly circular pattern. Starting from the top and moving clockwise, the letters are: G, D, C, E, F, H, G, H, B, A, F, F, A, B, F, G. In each of the four corners of the frame, the text "RAPID ADDITION CHATTERBOX" is written diagonally.
