Designed as a preparation for map reading and to encourage talk around different ways in which places can be portrayed. Why not make class sets of other local and familiar landmarks?

Have we missed out any landmarks that you would like to include? We have noticed that the use of drones has increased the range of aerial views available on the internet.

**Basic principles behind our talk for learning activities:**

Build on prior knowledge.

Move from concrete to abstract.

Ensure everyone works with everyone else.

Extend social language into curriculum language.

Provide motivating ways to go over the same knowledge more than once.

COLLABORATIVE LEARNING PROJECT

Project Director: Stuart Scott

We support a network of teaching professionals to develop and disseminate accessible talk-for-learning activities in all subject areas and for all ages.
