## COLLABORATIVE LEARNING PROJECT

Project Director: Stuart Scott

We support a network of teaching professionals to develop and disseminate accessible talk-for-learning activities in all subject areas and for all ages.

17, Barford Street, Islington, London N1 0QB UK Phone: 0044 (0)20 7226 8885

Website: <http://www.collaborativelearning.org>

## BRIEF SUMMARY OF BASIC PRINCIPLES BEHIND OUR TEACHING ACTIVITIES:

The project is a teacher network, and a non-profit making educational trust. Our main aim is to develop and disseminate classroom tested examples of effective group strategies that promote talk across all phases and subjects. We hope they will inspire you to develop and use similar strategies in other topics and curriculum areas. We want to encourage you to change them and adapt them to your classroom and students. We run teacher workshops, swapshops and conferences throughout the European Union. The project posts online many activities in all subject areas. An online newsletter is also updated regularly.

\*These activities are influenced by current thinking about the role of language in learning. They are designed to help children learn through talk and active learning in small groups. They work best in non selective classes where children in need of language or learning support are integrated. They are well suited for the development of oracy. They provide teachers opportunities for assessment of talk.

\*They support differentiation by placing a high value on what children can offer to each other on a particular topic, and also give children the chance to respect each other's views and formulate shared opinions which they can disseminate to peers. By helping them to take ideas and abstract concepts, discuss, paraphrase and move them about physically, they help to develop thinking skills.

\*They give children the opportunity to participate in their own words and language in their own time without pressure. Many activities can be tried out in pupils' first languages and afterwards in English. A growing number of activities are available in more than one language, not translated, but mixed, so that you may need more than one language to complete the activity.

\*They encourage study skills in context, and should therefore be used with a range of appropriate information books which are preferably within reach in the classroom.

\*They are generally adaptable over a wide age range because children can bring their own knowledge to an activity and refer to books at an appropriate level. The activities work like catalysts.

\*All project activities were planned and developed by teachers working together, and the main reason they are disseminated is to encourage teachers to work more effectively with each other inside and outside the classroom. They have made it possible for mainstream and language and learning support teachers to share an equal role in curriculum delivery. They should be adapted to local conditions. In order to help us keep pace with curriculum changes, please send any new or revised activities back to the project, so that we can add them to our lists of materials.

### The Sports Shop Puzzle

The Super Sports Shop has reduced all its prices by 10%. Nine students went to the shop to buy different things. Can you work out who bought which items, and how much money they saved? Put the answers in the table below.

Name	What item did they buy?	What was the original price?	What item did they buy?	How much did he or she pay?
Farzana				
Ahmed				
David				
Maria				
Michelle				
Regis				
Althea				
Keenan				
Lucy				

## A Sports Shop Clues

Michelle saved £2.50 when she bought something.

Farzana saved £6 when she bought something.

The shorts were reduced by £1

Regis saved £4 when he bought something.

Althea saved £1.50 when she bought something.

The T-shirt was reduced by £0.50p

Keenan saved £3 when he bought a track suit.

---

## B Sports Shop Clues

Ahmed saved £2 when he bought the football.

David saved £1 when he bought something.

Maria saved £4.50 when she bought the trainers.

The jacket was reduced by £2.50

The cycling helmet was reduced by £1.50

The tennis racket was reduced by £6.

The cricket bat was reduced by £4

Lucy saved 0.50p when she bought something.
